

FEATURES

- AI human recognition and detection; automatic human tracking
- T31E+ Sensor SC3336 chipset, powerful performance; 3.6mm F2.0 lens

H.265 H.264/H265 compression format, low storage consumption

- 2PCS Double Chip LED
- Support ONVIF, can connect to NVR equipment
- Multi-platform management, APP/DVR/NVR/CMS/IE explorer
- Built-in microphone, speaker, easy intercom
- Remote video download and share
- Support FTP transmission support network RJ45 port
- Human detection alarm, motion detection alarm, speaker alarm

Support maximum 125GB TF card

Support voice call

Model: H6B

SPECIFICATIONS

Product	Model no.	H6B
	Type	Wifi Camera
System	Main processor	T31E+ Sensor SC3336
	Operating system	Embedded LINUX operating system
Video	Image sensor	1/2.9SC 2232H
	Video coding standard	H.264/H265
	System standard	PAL/NTSC
	Effective resolution	2304*1296/1920*1080/1280*720/680*480
	Effective Pixels	3.0 Megapixel
	Video frame rate	15fps
	Video stream	135kbps-2048kbps
	Signal to noise ratio	Signal to noise ratio ≥69dB
	Minimum illumination	Day mode 1Lux, night vision mode 0.01Lux
	Day and night mode	External control
	Backlight compensation (BLC)	AUTO
	Automatic white balance (AWB)	AUTO
	Automatic Electronic Shutter (AES)	AUTO/ 1/50 (1/60) -1/100,000sec
	Video output	HIVIDEO VMS/mobile APP HIVIDEO
	Motion Detection	standby
	Capture function	standby
Audio	Coding standard	G.711U
	Audio input	Built-in onboard microphone MIC
	Audio output	External 8Ω/MAX 1.5W speaker
Video Management	Two way audio	Support
	Video mode	Mobile video, alarm video, timed video, human video
	Video saving	TF card
Alarm	Alarm input/output	support
	Alarm trigger	Human alarm, detect on alarm, speaker alarm, alarm video, capture, send email
Internet	Network module	RTL (built-in FPC film antenna / 2.4G rod external antenna)
	Wifi protocol	Support for 802.11 b/g/n
	Wifi transmission distance	Straight line transmission 10m-30m (depending on WIFI signal)
Other	TF card capacity	Maximum support 128GB (common FAT32 format)
	Material	IP66 Plastic Case
